

More Chapters Officially Chartered

In recent weeks, the Baltimore and Jacksonville Chapters have been officially presented their charters. It is always a pleasure to devote part of the CSI News section to this important event in the growth of CSI, both locally and at the national level.

Baltimore Chapter

Pictured on this page are Alan M. Gershon, president of the Baltimore Chapter, receiving the Charter from Carl J. Ebert, Editor of the Specifier, and a Fellow of the Institute. The presentation of the charter was a surprise for Mr. Ebert, who spoke of the fact that he felt it was a great honor to be asked to make the presentation. Mr. Ebert is a native Baltimorean, and had looked forward to the day when this group would join the national family of CSI Chapters. The Charter was inscribed with the names of 30 Active and Associate Members.

Other distinguished guests included Edwin T. Pairo, National Institute Director, and George F. Lamb, Executive Secretary.

Mr. Lamb spoke briefly on the continued growth and importance of CSI.

Following the charter presentation ceremonies, a panel discussion was conducted, with Mr. Tom Heiniman serving as moderator.

Officers of the Baltimore Chapter in addition to Mr. Gershon are: Mr. James R. Edmunds, III, Vice President and Mr. Andrew B. Koppleman, Secretary-Treasurer.

Jacksonville Chapter

Mr. Charles H. Huckleberry of Atlanta made the official charter presentation to the Jacksonville Chapter. Mr. Huckleberry is a member of the National CSI Chapter Development Committee and received the "President's Award" at the 1959 Convention for his outstanding work in encouraging new chapters.

Prior to the presentation of the Charter, the following officers were elected: Norman E. Washer, President; Lamar

Drake, Vice President; and George C. Griffin, Secretary.

Other area organizations interested in the continuing growth of CSI were well represented at the meeting. Guests included, Taylor Hardwick, President of the local AIA Chapter; Jim Hammond, President of the local chapter, American Society of Heating and Air Conditioning Engineers; and Joe Arsonault of the Associated General Contractors.
